

A photograph of two men in a gym. The man in the foreground is wearing a dark green long-sleeved shirt and is smiling. The man behind him is wearing a blue long-sleeved shirt and is also smiling. They appear to be engaged in a conversation or a workout. The background shows a large window with a grid pattern, letting in bright light. There is some gym equipment visible in the background, including what looks like a treadmill.

DOING GOOD FOR YOUR HEALTH

# HEALTH PROMOTION AND PREVENTIVE HEALTHCARE.

BECAUSE HEALTH  
IS EVERYTHING

**SWICA**

# THIS IS HOW SWICA SUPPORTS HEALTH-PROMOTING AND PREVENTIVE MEASURES.

With SWICA, everything centres around health. That's why SWICA supports your commitment to a healthy lifestyle and makes generous contributions towards activities relating to physical exercise, nutrition and wellbeing, as well as to preventive measures.

## HOW DOES SWICA CONTRIBUTE?

With SWICA you benefit from attractive contributions of up to 800 francs per year towards health promotion and preventive healthcare:

- › Under the COMPLETA PRAEVENTA supplementary insurance plan, SWICA covers 50% of the cost up to 500 francs per calendar year (up to 300 francs per activity type). The activity types are: exercise, nutrition, wellbeing, and preventive healthcare courses.
- › OPTIMA supplementary insurance additionally covers 90% of the cost exceeding this amount, up to a maximum of 300 francs per calendar year.

## WHAT YOU HAVE TO DO

To qualify for these contributions, simply send us the relevant documentation for each activity (e.g. course confirmations, invoices and receipts, etc.). SWICA contributes towards the cost of the following health-related services as long as they are carried out by SWICA-recognised partners and providers. Find your recognised SWICA partner at: [swica.ch/healthpromotion](https://swica.ch/healthpromotion)

## ARE ONLINE OFFERS ALSO SUPPORTED?

Yes! SWICA also contributes towards the cost of interactive livestreaming courses run by SWICA-recognised fitness centres, instructors and dance schools in Switzerland. Dance instructors and their students communicate by video or audio to ensure that the quality of the lessons is similar to that in a dance studio. Recorded/downloaded video lessons and online courses where there is no interaction are not therefore supported.

## BENEVITA – DIGITAL HEALTH COACH WITH BONUS PROGRAMME

BENEVITA is your digital health coach, helping you to make your everyday life healthier by completing challenges. You could take a quiz, for example, cook a healthy meal, exercise outdoors in the fresh air or meditate. You win twice over: Through these activities you support your healthy lifestyle and enjoy attractive offers and premium discounts with the awards you collect. Get active – you won't regret it: [swica.ch/benevita](https://swica.ch/benevita)
