COMPLEMENTARY MEDICINE

COMPLEMENTARY THERAPY METHODS.

BECAUSE HEALTH
IS EVERYTHING

SWICA

OVERVIEW OF COMPLEMENTARY MEDICAL TREATMENT METHODS.

SWICA believes in combining conventional medicine and complementary medicine. Anything that benefits your health is positive. That's why SWICA supports alternative therapy methods and puts them on an equal footing with conventional medicine.

BENEFITS

- › SWICA covers the costs of complementary methods in the list below, provided that a SWICA-recognised therapist administers them for the purpose of treating an illness or the consequences of an accident.
- › Under its COMPLETA TOP plan, SWICA reimburses the services of recognised therapists without rate agreement at a maximum of 80 francs per hour.
- › The OPTIMA plan covers any costs that exceed this amount.
- › The INFORTUNA (worldwide insurance for private patients) plan covers insured costs arising from accidents or the consequences thereof that are excluded from mandatory health (basic insurance), accident (UVG), military or disability insurance.

CO-PAYMENTS

Under the General Insurance Conditions (GIC) and the Supplementary Conditions (SC) for COMPLETA TOP, SWICA applies a 10% deductible to all insured persons (maximum of 700 francs for adults, 350 francs for children) for therapies administered under a complementary plan. Adults can also choose between no excess or an excess of 600 francs. Children below the age of 18 are exempt from any excess. Under an OPTIMA plan, all insured persons must pay the annual excess for mandatory (basic) healthcare insurance plus a 10% deductible (max. 700 francs for adults and 350 francs for children).

EXCLUSIVE SWICA ADVANTAGE: TRANSPARENT AND FAVOURABLE CO-PAYMENTS

SWICA and PROVITA are the only health insurers that apply co-payments from basic insurance to those of SWICA supplementary insurance, which means the annual co-payments will be much lower when compared to other health insurers.

SWICA THERAPIST DIRECTORY WITH ONLINE FUNCTION FOR APPOINTMENTS

SWICA keeps a directory of recognised therapists. This directory is continuously updated. Insured persons can view or request extracts of it. Appointments can also be booked directly online via the SWICA therapist directory. You will find all SWICA-recognised therapists under: [swica.ch/therapy](https://www.swica.ch/therapy).

SWICA-RECOGNISED TREATMENT METHODS
