# Only the best is good enough for your child.

Congratulations from SWICA – pregnancy and childbirth are unique events. And for you as parents, the birth of your child marks a new phase in life in which security and responsibility become increasingly important. SWICA accompanies you on your journey and places the focus squarely on your family's health.

## SWICA supports you and your child

SWICA contributes towards the cost of baby massage, homeopathy and Bach flower therapy. SWICA also contributes towards the cost of non-standard vaccinations. In addition, you receive a breastfeeding voucher to the value of 200 francs.

## Save money – on the right things

To take the strain off your household budget, children receive a discount on the normal adult premium. In fact, this discount increases for the third child and any subsequent children. As parents, you too can optimise your premiums. With SWICA you can save money and enjoy attractive terms and conditions without compromising on quality.
